

All Partners Outdoors materials will be available electronically as part of an effort to be more environmentally friendly. By eliminating our traditional meeting books, we will save multiple thousands of sheets of paper. Each meeting participant will instead receive a Partners Outdoors 2011 flash drive or CD pre-loaded with meeting materials. The table of contents below serves as a navigation tool for the flash drives and CDs. These resources and others, including a finalized participant address list and participants' biographies, will be available at www.funoutdoors.com/events/po.
